

Wide range application fast locking connector

BD-24 series power and signal waterproof connectors can be used alone or fixed together to provide solutions for different industries equipment connection. Such as audio-visual equipment, medical equipment, industrial control, testing and measurement Equipment, AV system, broadcast television and communication industry and other fields. Suitable for connection of equipment installed in front and behind the board.

Product application:

Power supply: 3pin

Signal: RJ45

Working voltage up to 500V, rated current 25A, optional shielding connector.

- Multi-pin
Power Cable Range 10.5~ 12mm
- Signal RJ45 series
Signal Cable Range 5.5-7mm

- Multi-pin waterproof connector (metal housing)
Now we have 3PIN (other pin number can be customized)
Can be applied to power supply

- Multi-pin waterproof connector (plastic shell)
3PIN is available for power supply

- RJ45 waterproof connector (metal housing)
Can be applied to signal connections

- RJ45 waterproof connector (plastic housing)
Can be applied to signal connections

Characteristics

Reliable waterproof

- When connecting, the protection level is up to IP67, providing good electrical protection performance for the equipment.

Termination

- BD-24 is with screw type connection

Multiple protection designs

- Zinc alloy/plastic shell design, various choices, perfect for various application scenarios .

Ergonomic shape design

- The appearance adopts integrated streamlined design

Power with board mounting

RJ45 with board mounting
